NAVAL RILL GOES BACK DRESSED

House Sends Appropriation Measure to Conference for Consideration.

OUGHT TO OWN YARDS

Mr. Bell Speaks in Behalf of Government Ownership of Ship-Building Plants.

(By Associated Press.)
WASHINGTON. D. C., April 20.—The
session of the House to-day was devoid of especial interest. After an extended debate, the naval appropriation bill was sent back to conference, the only disputed Senate amendment accepted being that providing for the construction in navy-yards of two colliers.

Senate amendment for the selection of a site for a naval training station on the Great Lakes, which was adopted after amendment, evoked criticism from Mr. Rixey (Virginia), who characterized as ridiculous the proposition to establish a naval training station on the Great Lakes, in view of the with Great Britain, specifically prohibiting the use of warships in those lakes.

motion by Mr. Meyer to accept the te amendment, providing for the con-ction of two colliers in government a, afforded Mr. Bell (California) an yards, afforded Mr. Bell (California) an epiortunity to speak in behalf of government shipyards, which he believes should be strengthened and built up, so that the government would not be robbed or held up by any shipbullding frist or combine. He said the navy sards were capable of turning out as good ships as the private yards and at a great saving to the government.

Mr. Foss, in reply, read a letter from the Secretary of the Navy, in which the stutement was made that an additional expenditure of \$175.000 would be required in preparing any navy-yard to do the work.

m preparing any work.

This statement was criticised by Mr. Rikey (Virginia), who insisted that Congress had appropriated sufficient money and that the yards ought to be ready to build the colliers. The Senate amendment was accepted.

Another contenence was authorized on the items still in dispute.

A bill, providing for the allotment of the lands of the New York Indians, was passed, after much discussion and after the Committee on Rules had brought in a resolution providing for its immediate consideration. Consideration.
The House adjourned until to-morrow

WASHINGTON, April 20.—The Senate to-day listened to a set speech of almost two hours duration on the trust by Mr. Dolliver, and afterwards took up and completed the consideration of the sundry, civil appropriation bill, again devoting much time to the consideration of the provisions for an extension of the east front of the Capitol and for additional office building for the Senate.

The office building amendment was agreed to as reported from the committee, but the extension paragraph was

GEORGIA PRIMARY,

Returns Give Chief Justice Simmons Overwhelming Majority.

(By Associated Press.)

ATLANTA, GA., April M.—Returns from every section of the State in the Democratic primary seem to assure the overwhelming re-election of Chief Justice Thomas J. Simmons, of the Supreme Court, over his opponent, Judge Richard B. Russell, and the re-election of Chief Justice Thomas J. Simmons, of the Supreme Court, over his opponent, Judge Richard B. Russell, and the re-election of Chairman Joseph S. Turner, of the State Prison Commission, over Judson M. Strickland, along with the rest of the entire State ticket, headed by Governor Joseph M. Terrell, which went through unopposed.

Congressman Carter Tate carried the Ninth Congressional District over T. M. Bell, and will retain his seat in Congress. State Senator Gordon Lee has undoubtedly won the race for Congress in the Seventh District over Colonel G. R. Hutchins. Returns from the First Congressional District indicate the renomination to Congress of Colonel Rufus E. Lester, though it will take the returns from the country counties to determine whether he has carried the entire district over his opponent, J. A. Brannen. In each of the other congressional districts there was no clight, so that Georgal's present delegation in Congress will remain unclanged, with the exception of the Seventh District, where Gordon Lee will take the place of Representative Maddox. For an off year, the returns show that the entire State toket, led by Governor Terrell, has been given perhaps a larger vote than was ever before recorded in a Georgia Democratic primary. An entire new Legislature has been nominated.

Congressman R. E. Lester was to-day renominated from the First Georgia District, defeating B. A. Brannen, of Statesboro, by a narrow majority.

The position of the pastors is a thing difficult to determine. After the conference with the officers of the company, it was understood that while they regretted the new law, they recognized it to be a thing that had to be dealt with, and would advise their people to submit to it calmly and endeavor to assist the company in preventing trouble. A statement to this effect was made Sunday. In a paper just issued, however, the pastors asy:

"The colored pastors of Richmond and vicinity did not attend the mass-meeting held at True Reformers' Hall last night, because they had already taken action, and thought it best to let the citizens hold their own meeting unmolested by the pastors. But the preachers discussed the subject of the street-car separation of the races at their Monday morning conference for more than two hours. They were not satisfied with the report in The Times-Dispatch of last Sunday morning. holding that it put them in a false light. They expressed themselves, however, as being in favor of allowing the citizens to hold their mass-meeting uninfluenced by the pastors.

At the meeting Sunday the pastors were charged by a man who attended their conference with dodging. The speaker uttered some of the contemptuous terms the pastors are alleged to have applied to the people who met Tuesday, declaring that they were not representative of the better class of negroes.
